Re: Determination of Effect for the Removal of Saeltzer Dam, Shasta County, CA

Dear Ms. Allen:

Thank you for your letter of June 26, 2000, requesting my review and comments in regard to the Bureau of Reclamation's (BUR) efforts to determine whether the project described above may affect historic properties. You have done this, and are consulting with me, in order to comply with Section 106 of the National Historic Preservation Act and implementing regulations codified at 36 CFR Part 800.

The BUR has determined that there will be no historic properties adversely affected by the proposed undertaking. As part of an effort to consult with interested persons the BUR has contacted the Redding Rancheria. BUR has also discussed the removal of the dam in public forums for several years. Based on review of the submitted documentation and the fact that there are no historic properties within the area of potential effect, I believe that a finding of no historic properties affected would be more appropriate.

If you agree to the no historic properties affected determination that I have proposed, please evidence your agreement by signing the signature block below. Please return the original letter to me as soon as possible. If you have any questions about the proposed SHPO review period, please contact Natalie Lindquist of my staff at your earliest convenience at (916) 654-0631 or e-mail at nlind@ohp.parks.ca.gov.

Sincerely,

Daniel Abeyta, Acting
State Historic Preservation Officer
